Performance Management Review, Planning and Monitoring

1. Introduction

- 1.1 This procedure sets out the performance management arrangements for support staff of Cardiff High School. It has been agreed by the governing body, headteacher and local authority, following consultation with recognised trade unions by the consortium. It describes the purpose, procedure, roles and responsibilities that will ensure that the schools performance management arrangements contribute to the development of its staff and to the achievement of wider objectives for the school and its pupils.
- 1.2 This guidance document sets out a model process for the review of performance of support staff in schools. For the purpose of this document the term support staff applies to all school employees who **are not** employed on teachers' pay and conditions. The procedure does not apply to staff employed by an agency or staff undergoing their probationary period. It may be suspended during formal capability or disciplinary procedures.
- 1.3 Any person carrying out a performance management review is known as an '**appraiser**' and the member of staff being reviewed is the '**appraisee**'. The Headteacher may be the appraiser or they may appoint an appraiser for each member of staff.
- 1.4 If appropriate, the performance review process may be undertaken on a team basis – please refer to section 4.
- 1.5 The headteacher will provide the governing body with an annual written report on the operation and effectiveness of this policy including the training and development needs arising from the performance management process.

2. Principles underpinning performance management

- 2.1 Performance management provides a way of supporting staff to contribute to the success of the school. It is vital that all staff are made aware of the aims of the school including information such as the School Improvement/ development plan and that each staff member understands how they contribute to the overall success of the school in delivering a positive learning environment for pupils.
- 2.2 The following principles will underpin our performance management arrangements:
 - 2.2.1 trust, confidentiality, open and honest dialogue between appraiser and appraisee;
 - 2.2.2 consistency and fairness for all staff;
 - 2.2.3 recognition of strengths and a commitment to support development;

2.2.4 a commitment to provide constructive feedback on performance;

2.3 The Governing Body is committed to ensuring that the performance management process is fair and non-discriminatory.

2.4 The Performance Management process should be conducted during the normal working hours of the staff member.

3. Timing of the performance management cycle

3.1 It is recommended that the performance management review takes place once a year and ties in with the academic year. It is therefore appropriate that the review, planning and objective setting processes are conducted in either July or September. This will allow time for the Headteacher to consider training provision for the new academic year. It is important to be committed to ongoing discussions about performance throughout the year and you may wish to have a formal mid year review session so that you can review progress and any development needs.

4. Team Performance Review

4.1 If it is deemed appropriate and there is consensus of all staff, you may adapt the process to reflect a team performance review. This may be more suited for jobs which have more generic tasks/ responsibilities, e.g. mid-day supervisors/ cleaners.

4.2 For a Team Review the procedure and forms provided should be used and should include input from all team members. Any reference in this procedure/ documentation to Appraisee should be amended to reflect Team input.

4.3 If a team member identifies an individual training need, this must be recorded and implemented accordingly.

4.4 If a team member requests an individual performance management review, this must be provided for.

5. Professional Learning Passport

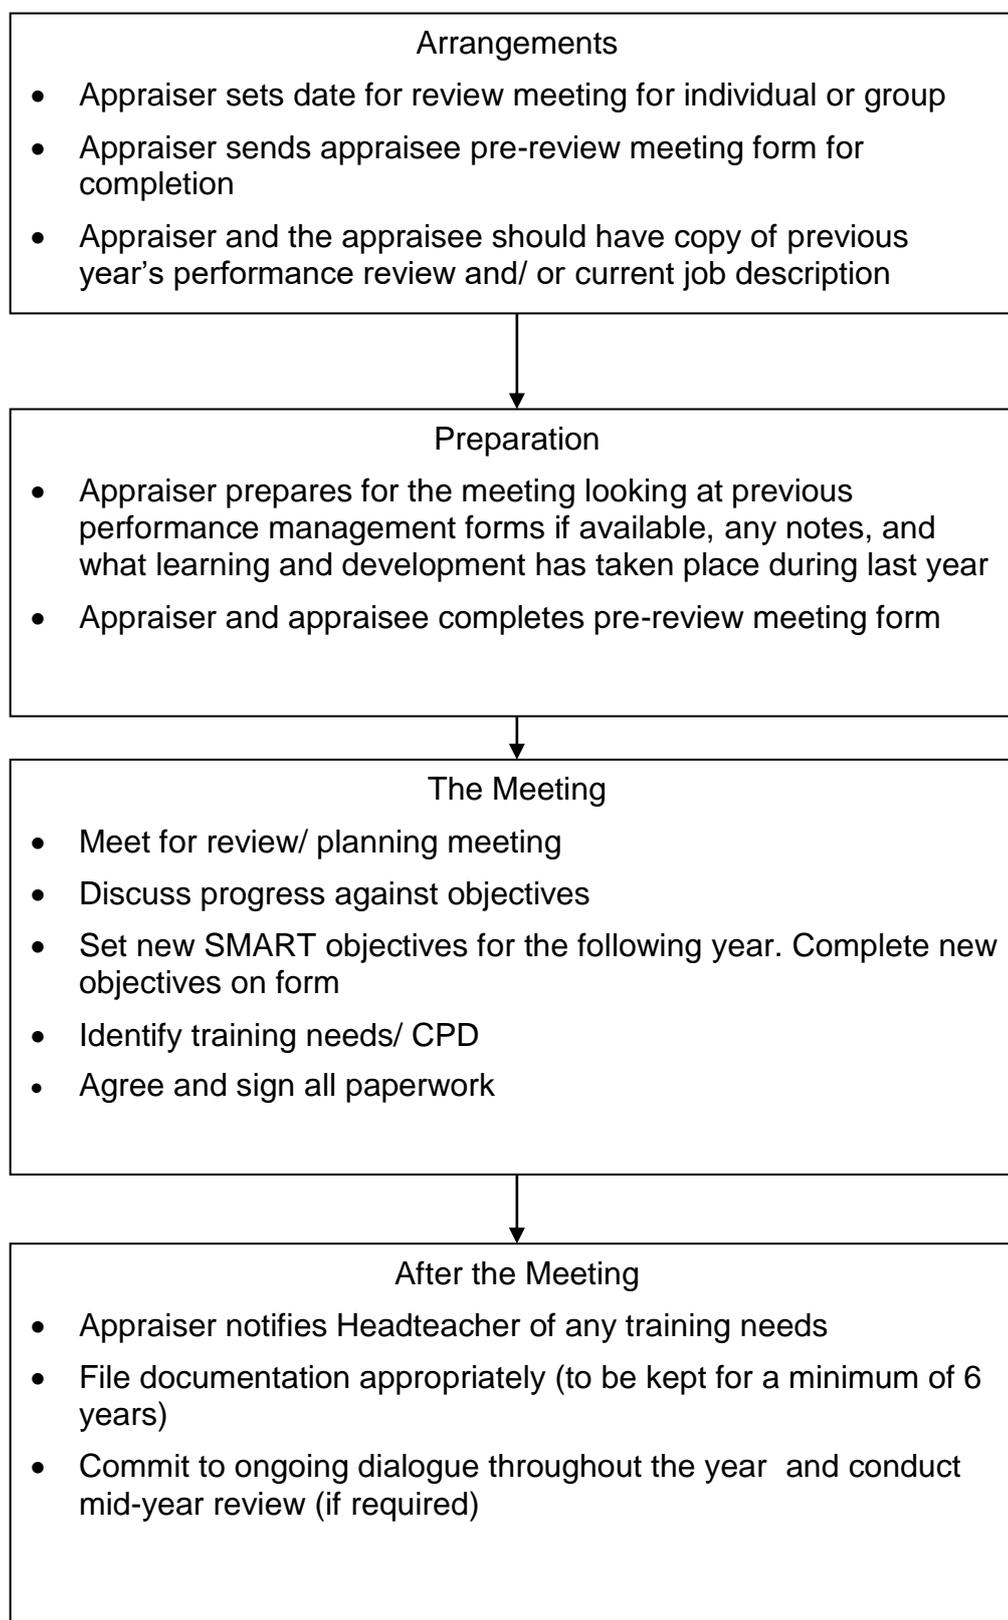

5.1 The Professional Learning Passport (PLP) is an online portfolio available exclusively to Education Workforce Council registrants. The Passport is a free tool, funded by Welsh Government, developed to support your personal and professional learning, with the aim of improving your practice and the outcomes for learners.

5.2 Whilst it is not compulsory, staff who are required to register with the EWC are encouraged to maintain their PLP via the EWC site and to

consider using it to support their development needs as part of the Performance Management process.

6. Performance Management Review Flowchart

- If conducting a team review, they may complete the documentation together

7. The Performance Management Review Steps

Step 1: The Arrangements

Performance management should be conducted in a setting that ensures privacy and allows sufficient time for a thorough discussion.

Step 2: Preparation: Before the review/ planning meeting

The performance management pre-review meeting forms (form 1) should form the basis of the discussion between the appraiser and the appraisee together with any previous review documentation.

This will include:-

- successes/ achievements over the last year against previous objectives
- factors that have helped and hindered achievements
- assessment of any training/ development over the last year
- identification of future key objectives linked to job role
- future training and development needs
- any career goals

Step 3: Completing the review/ planning meeting

1. **Review of objectives and performance** – Note key accomplishments and factors that have hindered or helped achievements
2. **Employee development** – Discuss the developmental progress since the last review, the training development opportunities that have been undertaken and their effectiveness.
3. **Objective setting** – as part of the formal review the appraiser and the appraisee will agree new/ continuing objectives for the next review period. These are completed on the performance management planning and review statement (form 2)
4. **Additional notes/ comments** - should include any other actions arising, including, where appropriate actions by the manager to support performance management
5. **CPD/ training and development needs** – should be jointly identified and noted on the separate Training and Development Needs/ CPD form (form 3)

Should there be a disagreement between the appraiser and the appraisee about the performance outcomes which cannot be resolved by discussion, the appraisee may make a note on the Performance Management form.

Step 4: After the review/ planning meeting - completion of the documentation

The appraiser and the appraisee must agree new objectives and assessment methods based on the performance management review cycle that has just ended including factors that have helped and hindered achievements, training requirements and career goals.

The appraiser will have five days to complete form and submit to the appraisee for them to sign/ comment. The appraisee has five days in which to do this and return to the appraiser. If the appraisee disagrees with any aspect of the review, they may note this on the form

The appraiser and the appraisee should each retain a signed copy of the completed performance planning and review statement form and the CPD form. All documentation will be confidential and kept for a minimum of 6 years in the school.
