19 March 2020

Dear Parent/Carer

On behalf of the Key Stage 4 Achievement Team, I would like to take the opportunity to congratulate our Year 11 students on their hard work and resilience during their GCSE studies.

It has been incredible to witness so many of their achievements and their positive attitudes across a range of disciplines, including on the sporting field; on the stage; during studies and in how they have conducted themselves.

We appreciate that this is not the end of Year 11 that we all had expected however, we are confident that your child will approach these next few months with a positive mindset and a determination to keep their goals and ambitions in mind.

We hope to get together as a school to celebrate the end of compulsory education.

May I also take this opportunity to thank you for your continuous support.

Yours sincerely

S M JONES
Headteacher
