26 March 2021

Dear parent/carer,

As you are aware, your son/daughter has been preparing for the GCSE Numeracy-Mathematics qualification throughout Year 10. In light of the cancellation of all exams this summer, the school will award a Centre Determined Grade (CDG) to students. In line with the school's approach throughout Years 11-13, CDGs will be based on evidence provided by students from sitting assessments. These assessments will be formed from past WJEC GCSE Numeracy-Mathematics exam papers. Your son/daughter will sit two non-calculator assessments and two calculator assessments covering topics that have been taught this year. Each assessment will be 45 minutes in length and will take place in classrooms. The dates of the assessments are below

- Monday 26th April
- Thursday 29th April
- Monday 17th May
- Thursday 20th May

Your son/daughter will want to prepare for these assessments in order for him/her to demonstrate to us the progress they've made over the past year. In order to support this revision, a revision pack has been given to all students in Year 10. Within it are revision tips, a topic list and two past papers.

Please do get in touch if you have any questions or queries.

Yours sincerely,

Jack Nicol

Acting Curriculum Leader of Mathematics
