26 March 2021

Dear parent/carer,

As you are aware, your son/daughter has been preparing for the Numeracy Entry Level qualification throughout Year 10. In light of the cancellation of all exams this summer, the assessment model for this qualification has changed. Your son/daughter's teacher will be awarding a teacher assessed grade. This grade needs to be based on evidence that each student provides. In order to give your son/daughter an opportunity to demonstrate their progress over the past year, he/she will sit four assessments. Each assessment will be 45 minutes in length. The dates of the assessments are below.

- Monday 26th April
- Thursday 29th April
- Monday 17th May
- Thursday 20th May

Your son/daughter will want to prepare for these assessments in order for him/her to demonstrate to their mathematical ability. In order to support this revision, a revision pack has been given to your son/daughter. Within it are revision tips and two practice papers.

Please do get in touch if you have any questions or queries.

Yours sincerely,

Jack Nicol

Acting Curriculum Leader of Mathematics
