

"On behalf of the students here at CHS I would like to welcome you to our school!

Although the thought of joining secondary school can be nerve-racking, I want to reassure you that there isn't anything to worry about. I'm sure you will adapt to school life very quickly and will make some fantastic, new friends along the way.

Each and every year, CHS is improving and innovating to make sure we, as students, have everything we need to reach our full potential. You might want to view this fresh start as an opportunity to do so!

If you ever have any problems, feel free to talk to a member of staff or one of the students; we are more than happy to help. Most importantly, remember that everyone in the school was once in your position and they all want to support you in any way they can. We hope you enjoy your time with us."

**Head Prefect (Eleri)**

"Firstly, Welcome to CHS! We can't wait for you to join us in September.

I'm sure you're feeling a mixture of both nerves and excitement ahead of starting secondary school. Whether you know a lot of people coming up to the school or don't know anyone yet, as I did, the thought is often daunting. But the school is so welcoming, and you'll instantly become a part of the school community, finding new friends, and facing interesting new challenges from the start.

My time at Cardiff High has allowed me to make so many fantastic memories with all the opportunities we have available both inside and outside of the classroom. I encourage you to take full advantage of all of these, and really make the most of your time here.

Everyone here is so supportive, especially the staff who are always more than happy to help you, and all the pupils are always ready to help you find your way around as you settle in.

**Head Prefect (Meg)**
