Dear Parents/Carers,

It is with absolute pride that I write this final letter of the academic year. Despite a range of challenges relating to the pandemic, I am very proud to say that our staff have worked hard to provide a range of exceptionally high quality learning and enrichment experiences for our students. I hope that you will take the opportunity to look at our most recent newsletter which has been sent home and is also available on our website. This features the wonderful range of opportunities which our learners have been able to embrace. Particular highlights include events which have both celebrated and show cased our students' endeavours with over 200 learners involved in our recent fabulous show case production of Oliver and this week's Sports Presentation Evening.

Anaphylaxis

We would like to alert you to the fact that we have a growing number of learners with nut allergies. Any form of contact with nuts for such learners may result in anaphylaxis which is a very serious allergic reaction.

As a direct consequence of this, we have ensured that our canteen is completely nut-free and staff have been requested to avoid bringing any food items containing nuts into school. In addition, staff have been trained to deal with those who may have an adverse reaction to nuts and related allergens and the use of epi pens.

As a school, we would like to minimise the risk of exposure for affected learners to potential allergens. We would, therefore, politely request that your child avoids bringing any products into school which may contain nuts.
