Dear Parents / Carers

Just a reminder that the next session in our series of parental engagement sessions - Supporting Learning and Cross Curricular Skills takes place on Monday 26th January from 5pm until 6pm as advertised in the recent parental letter.

The session will focus on how we approach developing cross curricular skills at Cardiff High School and will outline the school's approaches to literacy, numeracy, and digital skills giving you an overview of our vision for embedding and developing these vital skills across the curriculum.

We will consider the three cross curricular skills in turn and provide a few practical tips for how you can support your children at home. This is an introductory session ideally suited to parents of Years 7 and 8.

In the summer term, there will be a series of follow up sessions, more practical in design, for literacy, numeracy, and digital skills which build on this introductory session.

There are still some places available and you can book your free place using the QR code.

We look forward to seeing you on Monday.
