

Upper School Curriculum (Years 12 and 13)

In Years 12 and 13, pupils study a range of **WJEC qualifications**, providing opportunities to **deepen their knowledge, understanding and skills** in subjects they have previously studied, while also exploring new areas of interest. Our Upper School curriculum is designed to **challenge and inspire pupils**, enabling them to develop powerful knowledge, **think critically about the world around them**, and prepare confidently for their **next steps in education, employment and life**.

Pupils typically select four subjects from our broad range of options, supported by specialist teaching and high levels of academic and pastoral guidance throughout their studies.
